

# FLUENTE XL 48CM

TECHNICAL SPECIFIC | L.349.1.960

The inspiration for the Fluente hanging lamps comes from the lava flows of a volcano. The hoods are made of cast aluminum so that the structure of the material remains clearly visible. The bronze-colored finishing layer is provided with a special patina, which gives the lamps their lived-in appearance. Equipped with warm-colored integrated LEDs.

Until now, the Fluente was available in sizes 18 cm and 38 cm. New is the Fluente XL version with a diameter of no less than 48cm.

Due to the weight of this model, the lamp is equipped with an extra thin black steel cable.

Equipped with integrated dimmable 6 W LED lamp - 800 lumens - 2700K.

Maximum cable length 2.5 m.

This new lamp is expected to be available in mid-July 2024.

Article Code	L.349.1.960
Weight	7.3kg
Voltage	220-240V
Color	Dark brass
Length	max. 250 cm
Material	Aluminium
Ø Shade	48 cm
Height shade	20 cm
